Dear Child Care Provider,

This letter is in regards to the January 16, 2015 compliance check of your Level B, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home.

The following areas were out of compliance at the time of my visit:

☐ 110.5(1)b All medicines and poisonous, toxic, or otherwise unsafe materials are secured from access by a child. *The provider has put all medicines in a clear storage tote in the hallway closet. Provider has plans to put lock on the door to ensure children do not have access to the medicine. Provider will complete this in the next 7 days.*

110.5(2) A provider file is maintained and contains:

110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. *The provider had all health and immunizations. When the provider renews medical for self and husband, provider needs to use the new Provider Physical Form.*

110.5(8) Children's Files

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. *Provider has 11 children enrolled. There were 5 children present during the compliance check. The forms in the children's files need to be updated annually.*

Each file contains:

☐ 110.5(8)c A signed medical consent from the parent authorizing emergency treatment. *2 out of 11 children were missing this form.*

☐ 110.5(8)d For infants and preschoolers: An admission physical examination, on the first day of attendance, including past health history, status of present health, allergies and restrictive conditions, and recommendations for continued care when necessary. The date of the exam is not more than 12 months before the child's first day of attendance. *1 out of 11 children were missing this form.*

☐ 110.5(8)e For infants and preschoolers: A statement of health signed by a physician submitted annually. *2 out of 11 children were missing these in their files.*

☐ 110.5(8)e For school aged children: An annual statement of health condition signed by the parent or legal guardian, annually from date of admission physical. *4 children of 11 were missing this in their files.*

☐ 110.5(8)h For each school-age child, record of a physical exam completed at the time of school enrollment or since. *3 of the 11 children was missing this form in their file.*

110.9(1) SPECIFIC REQUIREMENTS FOR CHILD DEVELOPMENT HOME CATEGORY "B"

The provider was not over numbers at the time of the visit. This is included as a reminder to provider regarding how many children she can care for.

110.9(1)b Of these six children, not more than four children who are 24 months of age or younger are present at any one time.

110.9(1)b Of the four children under 24 months of age, no more than three may be 18 months of age or younger.

110.9(1)f When more than 8 children are present for more than two hours, a DHS-approved assistant at least 14 years old is present.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

☐ Based on the items out of compliance listed above, a recheck or follow up visit to your home is not necessary.
